🔧 Configure the system!

Important: Be sure to read the Health and Safety Precautions Booklet and Nintendo DSi™ XL Operations Manual before use, and follow the instructions carefully. In cases where a small child will be using the system, a parent or guardian should configure the System Settings for them.
When the system is turned on for the first time, you have to configure the settings.
To do so, follow the step by step guide shown below.
(All of the screenshots show the lower screen.)
