NINTENDO 3DS SOFTWARE INSTRUCTION BOOKLET

MAA-CTR-ANRP-AUS

This seal is your assurance that Nintendo has reviewed this product and that it has met our standards for excellence in workmanship, reliability and entertainment value. Always look for this seal when buying games and accessories to ensure complete compatibility with your Nintendo Product.

Thank you for selecting the STAR FOX 64™ 3D Game Card for Nintendo 3DS™.

IMPORTANT: Please carefully read the important health and safety information included in this booklet before using your Nintendo 3DS system, Game Card or accessory. Please read this Instruction Booklet thoroughly to ensure maximum enjoyment of your new game. Save this booklet for future reference.

This Game Card will work only with the European/Australian version of the Nintendo 3DS system.

IMPORTANT LEGAL INFORMATION: This product is not designed for use with any unauthorised device. Damage caused by the use of such unauthorised devices will not be covered by your hintendo product warranty. Copying of any Nintendo game is illegal and is strictly prohibited by intellectual property laws. "Back-Up" or "Archival" copies are not authorised and are not necessary to protect your software.

WARNING: The use of the 3D feature by children aged six and under may cause vision damage. Therefore it is recommended that:

- Only children over six should use the system in 3D mode.
- If children aged six and under have access to the system, parents or legal guardians should restrict the display of 3D images using the Parental Controls feature.

Download Play

Supports multiplayer games via local wireless communication. One player must have a copy of the software.

CONTENTS Description Descript

Note: In this instruction booklet, 3D Screen images are shown as _____ and Touch Screen images are shown as _____ .

The in-game language depends on the one that is set on the system. This game supports five different languages: English, German, French, Spanish and Italian. If your Nintendo 3DS™ system language is set to one of these, the same language will be displayed in the game. If your Nintendo 3DS system is set to another language, the in-game default language will be English. For instructions about how to change the system language, please refer to the Operations Manual, "System Settings".

Getting Started

ARWING Fox McCloud's Fighter

Touch the STAR FOX 64™ 3D icon on the HOME Menu, then touch OPEN to start the game. Close your Nintendo 3DS system during play to activate Sleep Mode, greatly reducing battery consumption. Reopen the system to resume play.

Main Menu

Press the START Button at the title screen to display the main menu.

Current Time/Battery Level

MAIN GAME	Play through the single-player story mode. ▶ P. 12 Note: Progress is saved automatically when a stage is cleared.			
BATTLE	Up to four players can compete via Download Play. Alternatively, select SINGLE PLAYER to play against the CPU. P. 17			
SCORE ATTACK	Select a mission and aim for a high score.			
TRAINING	Learn to fly the Arwing, then test your skills in the trial run.			
OPTIONS	Adjust the control settings, and erase save data. Warning: Once erased, save data cannot be recovered.			

Note: There is only one save file, and game progress is saved automatically.

Starting the Main Game

After confirming the control settings, you will proceed to training mode, where you can learn the basic controls. Once training is complete, select START GAME to begin the story, or TRIAL RUN to test your flying skills.

Note: While adjusting the control settings, it is possible to invert the Circle Pad controls for ascending and descending.

Main Game Modes

Nintendo 3DS Mode	This mode is balanced to complement the new gyro controls and the Circle Pad.
Nintendo 64 Mode	Recreates the original challenge of Star Fox 64.
Expert Mode	This is the challenging expert mode from Star Fox 64. This mode must be unlocked before you can play it.

Note: Nintendo 64 Mode and expert mode cannot be played using the gyro controls. > P. 8

Resuming a Game

When returning to the main game, select SAVED GAME to resume from where you left off. Alternatively, select NEW GAME to start the game again (overwriting the existing save data), or GUEST GAME to start a new game as a guest (during which your progress will not be saved).

Note: The total score is saved when playing as a guest.

Care When Using the Gyro Controls

This software involves moving the Nintendo 3DS system around while you play. Ensure that you have adequate space around you and that you hold the system firmly in both hands while playing. Failing to do so could result in injury and/or damage to surrounding objects.

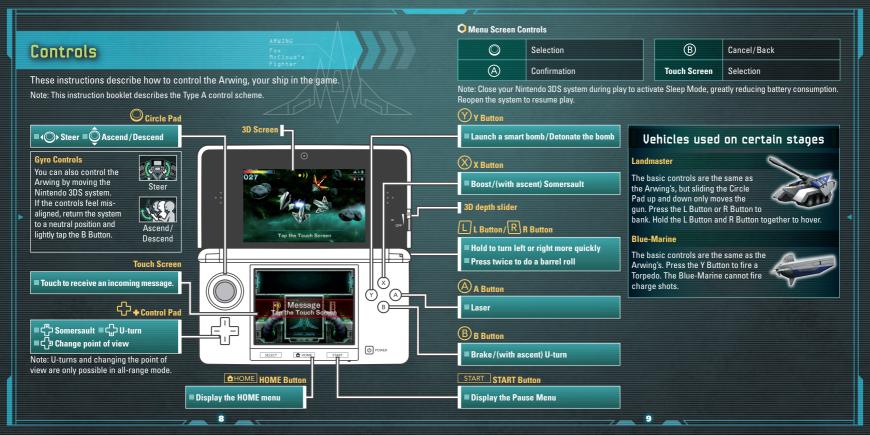

Backup Function

This software title contains a backup function which saves game progress.

Do not turn the power off and on repeatedly or remove the Game Card while saving. Be careful not to use incorrect controls (eg. resetting the system) or get dirt in the terminals. These actions can cause data to be irrevocably lost.

Do not use external accessories or software to modify your save data, as this can lead to an inability to progress or loss of save data. Any modification is permanent, so be careful.

High-Speed Turns

Press and hold the L Button/R Button while turning to make a sharper turn.

Somersaults and U-turns

Ascend and boost at the same time to perform a somersault. Ascend and break at the same time to do a U-turn. Alternatively, just press up on the • Control Pad to perform a somersault, or down on the • Control Pad to do a U-turn.

Note: U-turns are only possible in all-range mode.

Charge Shots and Homing Shots

Press and hold the A Button to charge up the laser. When the crosshairs change colour, quickly press the A Button again to release a powerful charge shot. If an enemy target comes into range while charging, the crosshairs will follow it to indicate a lock on. Quickly press the A Button or Y Button to release a charge shot or smart bomb that will home in on the enemy.

Barrel Rolls

Press the L Button or R Button twice to do a barrel roll, a manoeuvre that repels enemy fire.

Boost Meter

Boosting, braking, doing a U-turn or doing a somersault will fill up the boost meter. These techniques cannot be used until the meter has emptied again.

Mission View

ARWING Fox McCloud's

The 3D Screen shows the Arwing, (or Landmaster/Blue-Marine), and its immediate environment. Incoming messages and other information are shown on the Touch Screen.

Main Game Screen

Gold rings collected P. 15

Shield Gauge

Shows the ship's remaining shields

Number of hits scored

Enemy Shield Gauge

Shown during a boss fight

Targeting Reticles

Shots fired will pass between the two targeting reticles.

Remaining Ships

Boost Meter

Remaining Smart Bombs

Radar

Shown in all-range mode

Wing Condition

If the wings take too much damage, they can break. The laser will return to its weakest level and the Arwing's flight performance will be reduced.

Main Game

Take on the role of Fox McCloud and pilot the Arwing through various missions on a quest to reach the planet Venom and save the Lylat System.

Story Progression

Starting from the planet Corneria, the story will lead you from mission to mission as you progress towards Venom. Each stage has a final boss character you must beat in order to proceed to the next mission. The route to Venom may change depending on the actions taken in each mission, which can make the story unfold differently. You will play different missions, and the game's difficulty level will change.

주 Clearing a Mission (Mission Complete/Mission Accomplished)

On clearing a mission, you can see the status of the other Arwing pilots, the number of hits scored and number of player ships remaining. Your Arwing's shield and wing condition will be fully recovered.

Note: The next mission played will depend on whether Mission Complete or Mission Accomplished is displayed at the end of the current mission

Total Hit Count

This shows the total number of hits scored against targets during the missions cleared so far. An additional ship is awarded for every 100 hits

Your progress and current route are shown on the map screen before starting the next mission. Start a new mission by selecting NEW MISSION from the menu on the Touch Screen. While on the map screen you can also press the L Button or R Button to rotate the map, and press the X button to check the current rankings.

Map and Current Route

The colour of the route indicates the difficulty level, with blue being the easiest, vellow being medium, and red being hard. The next mission is indicated by V.

Mission Results

Show which team members completed the mission with their Arwings intact (indicated by their initials > P. 16), and the number of hits scored in the mission.

Current Status

Shows the current total hits, the record number of hits, and the number of ships remaining

O Touch Screen Menu

NEW MISSION	Start the next mission.		
ALTERNATIVE MISSION	Change to a route with a lower difficulty level.		
LAST MISSION	From the second mission onwards, you can repeat the last mission, but will lose one ship if you choose to do so.		
MAIN MENU	Quit the game and return to the main menu.		

3D Scroll Mode and All-Range Mode

Missions can involve either or both of these two play modes. The game will automatically change between them when necessary.

3D Scroll Mode

In this mode the ship will continually move forwards. During the mission you will encounter a checkpoint. Fly through it and you'll return there if your ship is shot down.

All-Range Mode

This is a free-flying combat mode played over a square-shaped zone. If your Arwing reaches the edge of the combat zone, it will automatically do a U-turn.

Getting Shot Down and Game Over

As your ship takes damage, the shield gauge will go down. If it empties completely, the number of ships remaining is reduced by one, and you must start the mission again from the beginning (or from the checkpoint). If the ship is shot down when you have no more ships remaining, it's game over. However, in Nintendo 3DS Mode you can continue after a game over.

If you don't continue and you scored enough total hits to reach the current top ten high scores, your name and high score can be recorded in the game rankings.

Items

The following items can appear during a mission. Supply containers appear after you receive a message from ROB64.

Silver Ring: Refills some of the shield gauge.

Middle Supply: Refills more of the shield gauge.

Gold Ring: Refills the shield gauge. Collect three to increase the size of the shield gauge. Collect three more to receive an extra ship.

Smart Bomb: Your number of smart bombs will increase by one.

Laser: Upgrades the normal lasers to twin lasers, and twin lasers to hyper lasers.

Wing Repair: Repairs the wings of your Arwing if they are damaged.

Supply Container: Shoot one of these to receive a helpful item.

Pause Menu

Press the START Button during a mission to display the pause menu, where you can restart the current mission (you will lose one ship), return to the main menu, or check the current control settings.

Note: Quitting during a mission in Nintendo 64 mode or Expert mode, or when playing as a guest, will result in game over.

Changing Settings During a Mission

While on the pause menu, touch the relevant panel on the Touch Screen to invert the Circle Pad controls for ascending and descending, toggle the gyro controls on and off, or toggle the targeting reticle on and off.

The Star Fox Team

Fox McCloud has three teammates to help him on his dangerous missions. Their initials appear above their Arwings for quick recognition.

	Peppy Hare	Peppy offers strategic advice on how to proceed in the level and on the enemies' weak points.
	Slippy Toad	Slippy provides an analysis of the boss's shields during a boss fight. When he is not flying with the team, the boss' shield gauge does not appear on screen.
	Falco	Falco holds the key to an alternative route. Help him early on, and the likelihood of

Teammate not present

🚄 Teammates' Damage and Withdrawal from Missions

Each of Fox's teammates has a shield gauge that will go down if they are hit by enemy fire. If a teammate's shield gauge is emptied completely, that teammate will withdraw from the mission. They will then be unable to take part in the next mission, as their Arwing must undergo repairs. The current status of Fox's teammates can be seen at any time on the pause menu.

Note: The shield gauges of teammates who are still present at the end of the mission will partially recover before the next mission, in an amount proportional to the number of hits you scored in the current mission.

Teammate's shield gauge

Battle Mode

Up to four players can compete in an all-range mode battle. Select SINGLE PLAYER to play against the CPU, or DOWNLOAD PLAY to battle friends who have a Nintendo 3DS system, even if they do not own the game.

∍)) 🖶 Download Play

This software allows [you to play head-to-head against other players via local wireless.] Here is an explanation of how to play using Nintendo 3DS Download Play, 2-4 players can participate using a single Game Card.

You Will Need:

Nintendo 3DS system One for each player STAR FOX 64 3D Game Card One

Connection Procedures

Host System:

- 1. Make sure that the power is turned off on all systems, and insert the Game Card into the system.
- 2. Turn the power on. The HOME Menu will be displayed.
- 3. Touch the STAR FOX 64 3D icon, then touch OPEN.
- 4. Follow the instructions on page 19.

Client System:

- 1. Turn the power on. The HOME Menu will be displayed.
- 2. Touch the Download Play icon, then touch OPEN.
- 3. Touch NINTENDO 3DS. A list of downloadable titles will appear.
- 4. Touch the STAR FOX 64 3D panel.
- 5. You will be asked to confirm your choice. Touch YES to download game information from the host system.
- 6. Follow the instructions on page 19.

▲ Wireless Communication in Prohibited Areas

- DO NOT use wireless communication in prohibited areas (such as in hospitals, on aeroplanes etc)
- If you are using your Nintendo 3DS system in a prohibited area and the wireless LED is blinking, wireless communication is active. Push the wireless switch immediately to disable it.

두 Guidelines for Communications

For best results when using wireless communication, follow these guidelines.

- Begin with the distance between systems at about 10 metres (approx. 33 feet) or less and move closer or farther apart as desired, keeping within 20 metres (approx. 66 feet) or less.
- Avoid having people or other obstructions between the systems.
- · Ensure that wireless communication is enabled. If the wireless LED is not lit, push the wireless switch to enable wireless communication
- · Avoid interference from other devices. If communications seem to be affected by other devices (wireless LAN, microwave ovens, cordless devices, computers), move to another location or turn off the interfering device.

Setting Up Battle Mode

After confirming the control settings > P. 6, select whether to use the gyro controls or not. Then choose a battle type from the following three options.

SURVIVAL	URVIVAL When a player is shot down, they are out. The last pilot flying is the winner.		
POINT BATTLE	The player gets one point each time they shoot down a rival. The first player to achieve the set number of points, is the winner.		
TIME BATTLE	The player that shoots down the greatest number of opponents within the set time is the winner.		

Battle Settings

Next, choose the settings for the battle. All settings are chosen by the host player, except for how the player icons are displayed and the size of each player's shield gauge. Once you have confirmed the settings, touch READY to begin.

Battle Settings

TIME LIMIT/POINTS	Set the battle duration or the number of points required to win.			
ITEMS	Set whether power-ups appear during the battle, or only classic items found in the main game.			
сом	Set the skill level of the computer players. Can only be set if there are less than four human players.			
STAGE	Choose a stage for the battle or select RANDOM.			
PLAYER ICONS	Set whether rival players' icons are displayed at all times or only when they are close.			
SHIELD GAUGE	Set the size of your shield gauge to give yourself a handicap or an advantage.			

First Place Crown

Indicates that you are currently in first place.

Item

Displayed after picking up an item. Press the Y Button to use it.

Current Position

Shows status information such as shield gauge levels, points earned and current position.

Settinas

These settings are the same as on the pause menu during the main game. P. 15

Flayers' Image during Download Play

A live video feed of the player's face taken with the inner camera will be shown in the players' status area described above. After download, players are given the option to turn this off if they wish. This feature can also be turned off via Parental Controls in the System Settings of the Nintendo 3DS system.

Power-Ups

Fly into an item box marked with a ? to pick up a random power-up. Press the Y Button to use it. Each power-up has a different effect.

IMPORTANT HEALTH AND SAFETY INFORMATION

READ THE FOLLOWING WARNINGS BEFORE YOU OR YOUR CHILD PLAY VIDEO GAMES. IF THIS PRODUCT IS TO BE USED BY CHILDREN, THIS MANUAL SHOULD BE READ AND EXPLAINED TO THEM BY AN ADULT. FAILING TO DO SO MAY CAUSE INJURY.

WARNING - USING 3D FFATURE

The use of the 3D feature by children aged six and under may cause vision damage. Therefore it is recommended that:

- Only children over six should use the system in 3D mode.
- If children aged six and under have access to the system, parents or legal guardians should restrict the display of 3D images using
 the Parental Controls feature.
- If there is any difference in vision between your left and right eyes, or if you tend to see using only one eye, you may have difficulty
 in seeing 3D images clearly, or your eyes may become tired. Observe careful usage and take a break of 10 to 15 minutes every half
 hour. If you experience symptoms listed below, adjust the 3D effects to a comfortable level or she display to only use 2D images.
- Do not view unclear 3D images for extended periods of time. Prolonged viewing of unclear 3D images, such as double images, can lead to eye strain, dryness of the eyes, headaches, stiff shoulders, nausea, dizziness, motion sickness, fatique and/or discomfort.
- Everyone has a different way of viewing 3D images. For information on how to view 3D images properly please refer to the relevant
 pages of the Operations Manual. If you experience any of the symptoms above, adjust the 3D effects to a comfortable level or set
 the display to use only 2D images. Depending on your physical condition and your surrounding environment, you may be unable
 to see 3D images properly. If this is the case, disable the 3D feature.
- Please refrain from using the 3D feature while travelling as a passenger in cars or on public transport. Constant shaking can lead to 3D images becoming unclear, causing nausea and eye strain.

Be sure to observe the following to ensure your well-being during the use of this product:

- Do not attempt to use this system if you are feeling tired or unwell. Depending on your physical condition, doing so can lead to fatigue and discomfort.
- If you experience fatigue or discomfort in your eyes, head, shoulders or anywhere else, stop playing immediately and take a break. If the symptoms persist, set the display to only use 2D images.
- Avoid excessively long play sessions. Take a break of 10 to 15 minutes every half hour when using the 3D feature, or every hour
 when not using the 3D feature, even if you don't think you need it.

WARNING - SEIZURES

- Some people (about 1 in 4000) may have seizures or blackouts triggered by light flashes or patterns, and this may occur while they
 are watching TV or playing video games, even if they have never had a seizure before.
- Anyone who has ever experienced seizures, loss of awareness or any other symptom linked to an epileptic condition should consult
 a doctor before playing video games.
- Parents or legal guardians should supervise children when they play video games. Stop play and consult a doctor if you or your child have any unusual symptoms such as: Convulsions, Eye or muscle twitching, Loss of awareness, Altered vision, Involuntary movements. Disorientation.

To reduce the likelihood of a seizure when playing video games, follow these precautions:

- Do not play if you are tired or need sleep.
- Play in a well-lit room.
- Take a break of 10 to 15 minutes every hour (every half hour when using the 3D function).

WARNING – EYESTRAIN AND MOTION SICKNESS

Playing video games can make your eyes hurt after a sustained period of time, and perhaps sooner if using the 3D feature. Playing video games can also cause motion sickness in some players. Follow these precautions to avoid eyestrain, dizziness or nausea:

- Avoid excessively long play sessions. Parents or legal guardians should monitor children for appropriate play.
- Take a break of 10 to 15 minutes every half hour when using the 3D feature, or every hour when not using the 3D feature, even if
 you don't think you need it.
- If your eyes become tired or sore while playing, or if you feel dizzy or nauseated, stop and rest for several hours before playing again.
- If you continue to have any of the above symptoms or other discomfort during or after play, stop playing and see a doctor.

WARNING - REPETITIVE MOTION INJURIES

Playing video games can make your muscles, joints or skin hurt after a few hours. Follow these precautions to avoid problems such as tendonitis, carpal tunnel syndrome or skin irritation:

- . Avoid excessively long play sessions. Parents or legal guardians should monitor children for appropriate play.
- Take a break of 10 to 15 minutes every half hour when using the 3D feature, or every hour when not using the 3D feature, even if
 you don't think you need it.
- When using the stylus, you do not need to grip it tightly or press it hard against the screen. Doing so may cause fatigue or discomfort.
- If your hands, wrists, or arms become tired or sore while playing, or if you feel symptoms such as tingling, numbness, burning or stiffness, stop and rest them for several hours before playing again.
- . If you continue to have any of the above symptoms or other discomfort during or after play, stop playing and see a doctor.

WARNING - RADIO FREQUENCY INTERFERENCE

The Nintendo 3DS system can emit radio waves that can affect the operation of nearby electronics, including cardiac pacemakers.

- Do not operate the Nintendo 3DS system within 25 centimetres (10 inches) of a pacemaker while using wireless communication.
- If you have a pacemaker or other implanted medical device, do not use wireless communication without first consulting your doctor
 or the manufacturer of your medical device.

Important Safety Information for use of Nintendo 3DS on board aeroplanes, in hospitals and airports

- Operation of the Nintendo 3DS system with wireless communication NOT active may be allowed on board aeroplanes, in hospitals, and in airports as with any other non-wireless device.
- You will know when wireless communication is active on your Nintendo 3DS system when the yellow wireless LED is lit, to indicate
 that communication is enabled, or is blinking, to indicate that wireless communication is in progress. The wireless LED will blink
 when you are using in-game multiplayer features or transferring a game/feature to/from another unit. Observe and follow all
 regulations and rules regarding the use of wireless devices in locations such as hospitals, airports, or on board aeroplanes.
- In order to comply with airline regulations, do not use wireless communication functions while on board an aeroplane. Operation
 in these locations may interfere with or cause malfunctions of equipment, with resulting injuries to persons or damage to property.
 IMPORTANT: The Nintendo 3DS system allows you to disable wireless communication for all system features. To enable/disable
 wireless communication, use the wireless switch on the system.

WARNING - WIRELESS COMMUNICATION

The Nintendo 3DS system offers various applications allowing your Nintendo 3DS system to communicate using wireless communication. To enable/disable wireless communication, use the wireless switch on the system.

IMPORTANT: The Nintendo 3DS system may automatically connect to the internet when wireless communication is enabled. If you want to avoid such connection, please disable all wireless communication by using the wireless switch of the Nintendo 3DS system. A broadband internet connection and a wireless access point or a Nintendo Wi-Fi USB Connector are required in order to enjoy certain Nintendo 3DS Services. You are responsible for any internet connection fees. We therefore recommend you make sure that you have high-speed internet access, with no restrictions on usage and downloading time, before using such services in order to avoid additional Internet charges being incurred when using such services. The Nintendo 3DS Services are not available in all countries; visit http://dsservices.nintendo-europe.com for details.

The Nintendo 3DS Services are governed by the Nintendo 3DS Service User Agreement and Privacy Policy. For more details please visit http://3dsservices.nintendo-europe.com.

Keep the following in mind regarding the use of wireless communication:

- If you post, send or otherwise make available any information or content through wireless communication, please make sure not to include any information that can be used to identify you personally, such as your name, email address, your address or your telephone number, as others may be allowed to see such information and content. In particular, when choosing a user name or nickname for your Mii[™] characters, please do not use your real name as others may be able to view your user name and the nicknames of your Mii characters when using wireless communication.
- Friend codes and friend cards are a part of a system that allows you to establish a friendship with other users, so that you can play,
 communicate and interact with people you know. If you exchange friend codes or friend cards with strangers, there is a risk that you
 could receive information or messages with offensive language or inappropriate content and that strangers may see information
 about you that you do not want strangers to see. We therefore recommend that you do not give your friend codes to people you
 don't know and that you do not share friend cards with people you don't know.
- Do not engage in harmful, illegal, offensive or otherwise inappropriate activity that might cause problems for other users. In particular, do not post, send or otherwise make available any information or content that threatens, abuses or harasses other persons, infringes on the rights of others (such as copyrights, portrait rights, privacy rights, rights of publicity or trademarks) or that may make other people feel uncomfortable. In particular, when sending, posting or making available photos, images or videos displaying other people, make sure to obtain their permission beforehand. If inappropriate conduct is reported or confirmed, you may be subject to penalties such as being banned from the Nintendo 3DS Services.
- As far as Nintendo servers are involved in any wireless communication, please note that Nintendo servers may become temporarily unavailable without prior notice due to maintenance following any problems.

GAME CARD PRECAUTIONS/MAINTENANCE

- Avoid touching the connectors with your fingers. Do not blow on them or allow them to get wet or soiled. Doing so may damage the Game Card and/or the Nintendo 3DS system.
- Game Cards are high precision electronic devices. Do not store them in places that are very hot or cold. Do not hit, drop or otherwise abuse them. Do not attempt to take them apart.
- 3. Do not clean with paint thinner, alcohol or any other solvent.
- 4. Always check the Game Card edge connector for foreign material before inserting the Game Card into the Nintendo 3DS system.

12 MONTH WARRANTY FOR NINTENDO 3DS GAME CARD

The benefits conferred by this Warranty are in addition to all other statutory rights in respect of this NINTENDO 3DS GAME CARD (GAME CARD) which the consumer may have under the Competition and Consumer Act 2010 (Cth) and/or other applicable laws.

Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure or for compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the good repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure.

Nintendo Australia Pty Limited (Nintendo) warrants to the original purchaser that this GAME CARD will be free of defects in materials, workmanship and manufacturing, for a period of **twelve months** from the date of original purchase.

- Subject to the terms and conditions stated below, and upon production of the purchase receipt, Nintendo will at its option repair
 or replace free of charge this GAME CARD or any component part, which upon examination by Nintendo is found to be defective
 in materials, workmaship or manufacturing.
- 2. This Warranty shall not apply if:
- (a) the defect in the GAME CARD is caused by other products with which it is used.
- (b) the GAME CARD has been subjected to misuse, abuse, accident, want of care or use other than in accordance with the instructions provided.
- (c) the GAME CARD has been modified, tampered with or physically altered.
- (d) a repair has been made or attempted to the GAME CARD by the purchaser or any other person not authorised by Nintendo.
- (e) the GAME CARD fails for reasons other than defective materials, workmanship or manufacturing; or
- (f) the GAME CARD was not purchased in either Australia or New Zealand.
- 3. This warranty does not cover:
- (a) Liquid/Moisture damage;
- (b) Dirty/Contaminated edge connector; or
- (c) Wear and tear:
- Nintendo does not accept any liability pursuant to this Warranty for any consequential damage or economic loss whether direct
 or indirect, to any person or property, arising from breakdown or failure of the GAME CARD.
- 5. Nintendo's liability under the Warranty is limited to the lesser of the replacement cost or repair cost of the GAME CARD.
- 6. Nintendo will not be liable for the loss of any saved data or user generated content on your GAME CARD which occurs either because of defective materials, workmanship or manufacturing or as a result of the replacement or repair of the GAME CARD in accordance with this warranty.

This Warranty is given by Nintendo and no other person or organisation is authorised to vary its provisions and conditions.
