L

L-Targeting

Target enemies

Link will keep an enemy in his sights during targeting.

Converse with someone far away

Target and press **A**.

When there is nothing to target

Press **L** to show the view from behind Link

Move **C** left and right when targeting to strafe sideways while continuing to face forward.

VIEW

Looking from Link's Point of View

Move the system or **C** to look around.

When using the system to change the viewpoint, move your body while keeping the system at the same viewing angle.

Moving the system like this can be handy when using items such as the slingshot **Y** and bow **Z**, which show the scene from Link's point of view.

The Navi icon will appear in certain situations. Touch it to receive hints about your quest.

Moving

Walk/Run/Swim

Slide **C** a short distance to walk. Slide it a greater distance to run.

Jump (Auto-Jump)

You will automatically jump if you run off the edge of a height or a gap.

If the gyro sensor is not accurately following your motions during play, place the system on a table or other stable, level surface and keep it still for a few seconds. The gyro sensor will calibrate automatically.
